

ALL-SEASON PERFORMANCE TYRE

# ATREZZO 4 SEASONS

### PERFORMANCE RATINGS:

The unique 4SEASONS asymmetric pattern is designed for use all year round.

Zigzagged sipe and block design maximise grip in water and snow. The three main grooves quickly and effectively drain water and snow for a safer drive.

**1** Dry handling performance is enhanced due to the strong square block pattern on the outside.

**2** Newly introduced 3-Dimensional grooves and sipes ensure optimal performance for the entire life of the tyre.
