

ALL-SEASON LUXURY CROSSOVER & SUV TYRE

TERRAMAX CVR

PERFORMANCE RATINGS:

The **TERRAMAX CVR** is an all-season tyre specifically engineered for SUV and crossovers. The CVR delivers exceptional handling and stability for today's crossover vehicles without compromising ride comfort.

- Smooth and quiet ride for a more comfortable driving experience.
- Top all-around performance on wet and dry roads.
- Excellent handling and a stable ride, especially at high speeds.
- Durable and long lasting design.
- Suitable for off-road usage.
- H, V, W rated construction.

Large shoulder blocks and centre ribs provide responsiveness and high speed stability.

Widened tread design offers a larger ground contact area which effectively improves grip performance.

Tread design offers greater driving comfort and reduces noise emissions.

Four main grooves and small gradually winding lateral grooves reduce rolling resistance and effectively drain water for improved hydroplaning resistance.

The strong casing and special tread compound increases service life, driving comfort and excellent overall driving performance.
